

Ecosmart

20 Xtra

'Air'

20ft mobile welfare unit, with Ecosmart technology built in as standard. Xtra large cabin space for up to 16 people. Includes 'Air' energy efficient diesel heating.

The Ecosmart 20 'Air' has a host of environmentally sensitive features, including PIR activated lighting & diesel heating that helps to cut down on energy use and running costs.

Fitted with stainless steel worktops, stainless steel sink & seamless high gloss wall surfaces for effortless cleaning and long durability.

'Air'
Efficient diesel heating

As part of our on-going commitment to improvement we reserve the right to alter specifications, designs or figures, without prior notice. All dimensions and weights are approximate.
 (1) Figures quoted based on "optimum use", with the generator not running, no appliances used, no hydraulics used and no diesel/electric heating within the stated time period.
 (2) While in un-hitched state, timed from the start of axle retract sequence, until the unit is seated and the cabin door is opened.
